

chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.
6. The speech without impediment.
7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.
8. The chest must be well formed, the lungs and heart sound.
9. Rupture, hydrocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.
10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.
11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.
12. A candidate must not be the subject of chronic skin disease.
13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.
14. The Regulations as to the standard of vision required are shown separately for each department. In all cases of "colour blindness" a note of the same will be made on the candidate's papers.

Candidates may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(a) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination, or to their appointment.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

#### REGULATIONS AS TO THE STANDARD OF VISION.

1. If myopia in one or both eyes exists, a candidate may be passed provided the ametropia does not exceed 3.5 D, and if, with correcting glasses not exceeding 3.5 D, the acuteness of vision in one eye equals  $\frac{6}{9}$  and in the other  $\frac{6}{6}$ , there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate, provided the lens, or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 3.5 D; the acuteness of vision in one eye, when corrected, being equal to  $\frac{6}{9}$ , and in the other  $\frac{6}{6}$ , together with normal range of accommodation with the correcting glasses, their being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals  $\frac{6}{9}$ , and in the other eye equals  $\frac{6}{6}$ , with +4 D glasses, or any lower power.

4 Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals  $\frac{6}{9}$ , and the other  $\frac{6}{6}$ , with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than  $\frac{6}{12}$ . In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in these rules, may exclude a candidate.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

FOR ALL APPOINTMENTS UNDER THE INDIAN GOVERNMENT A DECLARATION, AS FOLLOWS, IS REQUIRED FROM CANDIDATES.

1. I \_\_\_\_\_  
declare upon honour that, to the best of my knowledge and belief, I am not at present suffering or affected with any form of disease or bodily infirmity, such as—

- (a) Disease of the heart or lungs.
- (b) Venereal disease.
- (c) Fits.
- (d) Rupture.
- (e) Varicocele or varicose veins.
- (f) Hydrocele.
- (g) Malformation.
- (h) Congenital defect.
- (i) Defective sight or hearing.
- (j) Loss of teeth.
- (k) Impediment in speech.
- (l) Gout or rheumatism.

2. That I have not to my knowledge any hereditary tendency or predisposition to mental or constitutional disease, such as—

- (a) Fits or insanity.
- (b) Cancer.
- (c) Consumption or scrofula.

3. That I will fully reveal to the Medical Board all circumstances within my knowledge that concern my health and fitness for the appointment for which I am a candidate.

4. That I have \_\_\_\_\_ previously been examined by a Medical Board for the public service and was declared \_\_\_\_\_ on the

Signature \_\_\_\_\_

Date \_\_\_\_\_

N. B.—A wilful mis-statement by a candidate will invalidate any subsequent appointment obtained.

*For Office use  
only.*

## INDIAN PUBLIC WORKS DEPARTMENT AND INDIAN STATE RAILWAYS.

### FORM TO BE FILLED UP BY CANDIDATES FOR APPOINTMENT AS ASSISTANT ENGINEER, 1913.

*No person will be considered as a Candidate from whom the Secretary, Public Works Department, India Office, Whitehall, London, S.W., shall not have received on or before Thursday the 1st May 1913 at latest, an application on this form.*

*The Application Form should not, however, be sent to him before the 1st March 1913.*

*If Candidates who fill up and return the Application Form do not receive an acknowledgment of it within our complete days, they should communicate with the Secretary, Public Works Department.*

INDIA OFFICE,

1	Name in full.
2	Address. <i>(Any alteration to be notified to the Secretary, Public Works Department, India Office, Whitehall, London, S.W.)</i>
3	Date and place of Birth. <i>(In the event of the Candidate's selection, he will be required to produce a Birth Certificate or such other evidence as to date of birth as may be considered satisfactory.)</i>
4	Profession or occupation of Father; and whether, at the time of Candidate's birth, his father was a British subject either natural-born or naturalised in the United Kingdom.

5 (a) Parentage of father, showing whether he was of European descent.

(b) Parentage of mother, showing whether she was of European descent.

6 The names of any near relatives who have been, or are now, in the Service of the Indian Government, and the appointments at present, or immediately before retirement or decease, held by them.

7 All Institutions where educated, since the age of 15, with dates, distinguishing whether or not the Candidate was in residence at such Institutions.

8 University degree, diploma, or other distinction in Engineering, with name of Institution at which obtained.

9 Details as to Prizes, University Honours, etc.

10 Nature and extent of practical experience of civil engineering, *with full dates*. The names and qualifications of the engineers under whose direction the candidate has worked should be stated. (References to work done in connection with a candidate's college course should not be made in this space).

11 Whether married or single.

12. Names and Addresses of either two or three persons (of whom one should be connected with the Institution at which the Candidate has studied Engineering and one should be a Civil Engineer under whom he has obtained practical experience) who will testify, if applied to, as to conduct and character during the last four years. (*References will not be accepted from persons who are related to the Candidate or have no personal knowledge of the Candidate.*)

13. Whether the Candidate has in any previous year applied for appointment to the Public Works Department, or for any other appointment under the Government of India, either in England or in India.

*Signature* \_\_\_\_\_

*Date* \_\_\_\_\_ 1913.

SUPPLEMENT TO  
**The Gazette of India**

No. 4. } DELHI, SATURDAY, JANUARY 25, 1913.

**OFFICIAL PAPERS.**

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time containing such official papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be published in PART VI of the GAZETTE.

Non-Subscribers to the Gazette may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta, or Rupees nine if sent by post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

**Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 23rd January 1913, based on the Indian Daily Weather Reports of the period.**

1. A winter depression appeared in the neighbourhood of Bushire on the 18th and travelled eastwards across northern India. It was fairly well defined throughout its existence, but the only areas in which it occasioned precipitation were north-east Baluchistan, the hills of north-west India and in Assam.

Disturbed weather near Ceylon gave a few falls of rain in the extreme south of the Peninsula on the 17th and 18th.

2. *Burma.*—Mergui had a light fall of rain on the 17th.

*North-east India including Orissa.*—Light rain fell at Dibrugarh on the 16th and at Sibsagar on the 21st, and rainfall was fairly general in the upper Brahmaputra valley on the 22nd.

*The United Provinces, Central India and the Central Provinces.*—Light precipitation occurred in the hill districts of the north-west United Provinces on the 20th and 21st.

*North-west India.*—The depression from Persia gave precipitation on the 19th in north-east Baluchistan, Kashmir, the North-West Frontier Province and the North Punjab; on the 20th in Kashmir, the North-West Frontier Province and the hills and submontane districts of the Punjab; and on the 21st in Kashmir. Light rain was also reported from Quetta and Peshawar at the beginning of the week.

*The Peninsula.*—Rain fell locally in the extreme south on the 17th and 18th.

3. The chief daily falls were as follows :—

January 17th. Pamban 1·00."  
 18th. Parachinar 1·17" and Sonamarg 2·26."  
 Sonamarg 3·12," Srinagar 1·30" and Dras 1·25."  
 Sonamarg 0·88."

4. The rainfall of the week was more than 20 per cent. in excess in Assam, Kashmir and Madras and was normal in Baluchistan. It was more than 20 per cent. in defect in all the divisions except in the following, where no rain usually falls at this time of year :—Burma, Gujarat, the Konkan, the Bombay Deccan, Hyderabad South and Mysore.

The seasonal rainfall up to date is in excess by more than 20 per cent. only in Kashmir, and within 20 per cent. of the normal in Upper Burma, Baluchistan and Malabar. It is in defect by more than 20 per cent. in the rest of the country, except in Gujarat where the normal rainfall is *nil*. The largest actual deficiencies are 6 inches in the Bay Islands and  $3\frac{1}{2}$  inches in Madras South-east.

Division.	RAINFALL DATA FOR WEEK ENDING ON 23RD JANUARY 1913.			RAINFALL DATA FROM 29TH NOVEMBER 1912 TO 23RD JANUARY 1913.

G. C. SIMPSON,  
for Director General of Observatories.

Dated 23rd January 1913.

E. D. MACLAGAN,  
Secretary to the Government of India.

## GOVERNMENT OF INDIA.

## DEPARTMENT OF REVENUE AND AGRICULTURE.

## Season and Crop Prospects for the week ending Saturday, 18th January 1913.

**Burma.**—Light rain fell in one district. Reaping of winter rice is practically finished and cultivation of spring rice is advancing. Agricultural operations for miscellaneous crops are proceeding normally. Standing crops are doing well. Pasturage is ample. Cattle are healthy. The price of unhusked rice has risen slightly in Rangoon.

**Assam.**—The weather is reasonable. Slight rain fell in the Sibsagar subdivision and in Lakhimpur. Harvesting is nearly over in the Surma Valley and is nearly over in the Assam Valley. Cultivation of pulses has commenced in places. Crushing of sugarcane, pruning of tea and plucking of cotton are in progress. The outturn of spring rice and plucking of cotton are in progress. The outturn of standing crops is fair to good. Fodder is insufficient in three districts. Cattle disease prevails in three districts.

**Bengal.**—During the week under report there was no rain throughout the Province. Harvesting of winter rice is almost completed. Sowing of spring crops has been finished and harvesting has begun in places. Prospects of standing spring crops are good. Pressing of sugarcane is going on. Preparation of lands for autumn crops is in progress. The average price of common rice for the Province has fallen slightly. Cattle disease is reported from places in Nadia, Burdwan, Mymensingh, Tippera and Noakhali.

**Bihar and Orissa.**—There was no rain during the week. The weather was seasonable. Harvesting of paddy has been completed and threshing still continues. Pressing of sugarcane is in progress. Standing crops are doing well. The average price of common rice has remained almost stationary. The condition of cattle is good. The supply of fodder and water is sufficient. Prospects of standing crops in the Feudatory States of Orissa are on the whole good.

**United Provinces.**—Light rain has fallen in the hills and trifling showers in Bijnor, Moradabad and Meerut. Elsewhere the week has been rainless. Need for winter rain is becoming urgent throughout the western submontane tract and in the whole of the upper and in most of the central Doab. In Muttra and Etah some damage has occurred. Budaun, Hardoi, Cawnpore and Jalaun also need rain and it is urgently required in the hilly tracts of Mirzapur. The general condition of standing crops is still good. Sugarcane is being pressed. Spring crops are flowering. Fodder and water are sufficient. In Mirzapur there are 520 persons on test works and 6,101 on ordinary canal works and in the Chakia district of the Benares State 2,603 persons are on relief works and 550 are receiving gratuitous relief. Cattle disease continues in the hills and in Bundelkhand. Disease is sporadic in seventeen other districts. Prices show an upward tendency.

**Punjab.**—The weather is dry except in Rawalpindi and in parts of the Ambala and Lahore divisions where slight showers have fallen. More rain is urgently wanted everywhere. Picking of cotton, pressing of sugarcane and harvesting of *toria* continue with outturn average to good. Sowings of spring crops are generally finished. The condition of standing spring crops is generally average to good but unirrigated crops are suffering in some districts for want of rain. Cattle are generally healthy and fodder sufficient except in parts. Prices remain high.

**North-West Frontier Province.**—Slight showers fell in places in all districts except in Dera Ismail Khan. Rain is badly required throughout the Province. The weather is cool and at times cloudy. Standing crops are generally fair on irrigated lands but poor on unirrigated areas. Sugarcane is being pressed and the outturn is expected to be normal. Sowings of spring crops still continue in parts of the Peshawar district. The condition of cattle is good. Fodder and water are generally sufficient except in Dera Ismail Khan. Prices are high and rising.

**Jammu.**—There was slight rain during the week. Prices are fluctuating. Wheat sells from 8 to 16 and maize from 13 to 25 seers per rupee. The condition of standing crops is below average. Cattle disease of mild type prevails in the Mirpur district. Fodder is insufficient.

**Kashmir.**—There was good rain and snowfall during the week. Prices have fallen in the City. Spring operations are finished. Cattle disease is prevalent in certain villages of Kulgam and Verinag. Fodder is average.

**Rajputana.**—The weather is clear and cold. Spring crops are being irrigated and doing well but rain is wanted in some places in the eastern States. Prospects are generally fair. Cattle are good. Fodder and water are sufficient. Prices are generally high and stationary. Irrigated cotton is doing well in Ajmer-Merwara.

**Central India.**—There was no rain during the week. The weather is clear and cool. Outturn of autumn crops is fair in Indore and Bhopawar and good elsewhere. Prospects of spring crops continue to be excellent. Cattle disease prevails in parts of Gwalior, Indore and Bhopal. The fodder supply is ample. Prices are normal in Bhopal, above normal in Baghelkhand, fluctuating in Bhopawar and steady elsewhere.

**Central Provinces.**—The weather has been clear and cool. Threshing and winnowing of autumn crops and picking of cotton are well advanced. Linseed in Drug and wheat and gram in Raipur are not thriving for want of moisture. The condition of spring crops otherwise is generally satisfactory. Fodder and water are sufficient. Agricultural stock is in good condition. Variations in prices are unimportant.

**Feudatory States.**—Prospects of spring crops are generally good. Rice in Udaipur and gram in Sirguja rose by two and four seers per rupee respectively.

**Bombay.**—Standing crops are generally in good condition except for slight damage by insects in parts of Dharwar. Crops are withering in Ahmednagar. Cotton is withering in parts of Bijapur. Picking continues in parts of Sind, Gujarat, Kathiawar and Baroda. The fodder supply is deficient in parts of Ahmednagar and Sholapur. Agricultural stock is generally in good condition and sufficient except in parts of Cutch. Stock is deteriorating in Ahmednagar. Drinking water is generally adequate except in parts of Ahmednagar and Sholapur. Water for irrigation is deficient in parts of Ahmedabad, Ahmednagar and Bijapur. Prices are high and stationary. The public health is generally good. Distribution of *takavi* continues. Grain stocks are sufficient. Emigration continues from Ahmednagar. The numbers on relief for the week ending 18th January in tracts where famine has not been declared were:—on gratuitous relief in the Deccan 12,470. Famine is being declared in Ahmednagar.

**Hyderabad.**—There was no rain during the week. Autumn cotton is being picked. Harvesting of spring crops has begun in parts and the crop is generally fair to good except in parts of the Aurangabad, Bir and Usmanabad Districts. The spring castor seed crop, which is being picked, has suffered somewhat in parts of the Nalgonda District from insects and the spring cotton crop in parts of the Raichur District. The castor seed oil crop is light this year. Late rice sowings continue and the crop is being irrigated in parts. The plants show a good growth. Suspensions of revenue are being granted to *rayats* in distressed talukas in the Aurangabad and Bir Districts and ordinary public works have been increased for those in search of employment. Labourers employed during the week ending 28th December 1912 were:—Aurangabad District 52,704, Bir district 12,205. The daily average was 7,844. Cattle disease prevails in 8 talukas, fodder scarcity in 10 and water scarcity in 7. Prices:—Wheat 6, coarse rice  $5\frac{1}{2}$  and *jaur*  $10\frac{3}{4}$  seers per rupee. White *jaur* is selling in Hyderabad city at 12 seers. The highest price in districts is 7 seers in Karimnagar and the lowest 24 seers in Adilabad.

**Mysore.**—Prices of food grains are generally steady. Markets are well supplied. Harvesting operations are in progress. The outturn is fair to normal. Standing crops are in good condition. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Reaping of rice and picking of coffee continue. Prices of food grains have fallen slightly. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—Light rain fell in parts in the south. There was no rain elsewhere. Standing crops are fair to good. Harvesting of dry crops, paddy and sugarcane is proceeding in parts with outturn fair to normal. Sowings of dry crops and paddy are proceeding normally. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are generally satisfactory.

E. D. MACLAGAN,  
Secretary to the Government of India.

GOVERNMENT OF INDIA.  
DEPARTMENT OF COMMERCE AND INDUSTRY.

**TARIFF VALUATION OF SUGAR.**

The following statement shows in respect of each of the descriptions of sugar distinguished in the Tariff Schedule IV (excepting molasses and all other kinds of sugar), *firstly*, the total imports into India in the month of December, 1912, and the average value per cwt. as calculated on the returns received from the Customs Houses; and, *secondly*, a running total showing the total imports into India since the beginning of the year (1st October to 30th September) and the average net value per cwt. so far established. It is published in conformity with the procedure laid down in Customs Circular No. V of 1911 in order to enable merchants to compute the probable rate of duty for the year 1914:—

for Secretary, Railway Board,

*Printed and Published for the GOVERNMENT OF INDIA, at the GOVERNMENT CENTRAL PRINTING OFFICE, Delhi.*

SUPPLEMENT TO  
**The Gazette of India.**

No. 5. } DELHI, SATURDAY, FEBRUARY 1, 1913.

**OFFICIAL PAPERS.**

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time containing such official papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the Gazette may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta, or Rupees nine if sent by post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

**Rainfall summary for the seven days ending at 8 hrs. on  
Thursday, the 30th January 1913, based on the Indian  
Daily Weather Reports of the period.**

1. A disturbance appeared in Persia on the 25th and travelled eastwards, but gave no precipitation of importance in northwest India. It however occasioned slightly unsettled weather in the central parts of the country, and a few falls of rain occurred in Central India East and in Chota Nagpur and the adjoining districts.

Some little rain also fell in Burma, Assam and the south of the Peninsula, but on the whole weather was dry throughout the week.

2. *Burma.*—Local showers occurred in the Bay Islands and south Tenasserim, and on the 29th light rain fell at a few places in the northern half of the province.

*Northeast India, including Orissa.*—Sibsagar, Balasore, Chaibassa and Ranchi had light falls of rain.

*The United Provinces, Central India and the Central Provinces.*—Light rain fell at Satna on the 28th and at Jubbulpore on the 29th.

*Northwest India.*—Light precipitation occurred at Srinagar and Dras.

*The Peninsula.*—Nagapatam, Tinnevely and Kodaikanal had light rain on the 24th.

3. The chief daily falls were as follows :—

January 25th, Mergui	1·00"
„ 27th, Port Blair	0·50"
„ 28th, Sutna	0·36"

4. The rainfall of the week was in excess in the Bay Islands and normal in Burma and Central India East. No rainfall usually occurs at this time of year in Gujarat, Central India West, Berar, the Konkan, the Bombay Deccan, Hyderabad and the Madras Deccan; in the rest of the country the week's rainfall was in defect.

The seasonal rainfall up to date is more than 20 per cent. in defect in almost every division. The only exceptions are Upper Burma, Kashmir, Baluchistan and Malabar where it is practically normal, and Gujarat where the absence of rainfall is the normal feature of the season.

Division.	RAINFALL DATA FOR WEEK ENDING ON 30TH JANUARY 1913.			RAINFALL DATA FROM 29TH NOVEMBER 1912 TO 30TH JANUARY 1913.				
	Actual rainfall in inches.	Normal rainfall in inches.	Excess or defect in inches.	Actual rainfall of season to date in inches.	Normal rainfall in inches.	Excess or defect in inches.	SEASONAL PERCENTAGE DEPARTURE FROM NORMAL

G. C. SIMPSON,  
for Director General of Observatories.

Dated 30th January 1913.

E. D. MACLAGAN,  
Secretary to the Government of India.

GOVERNMENT OF INDIA.  
DEPARTMENT OF REVENUE AND AGRICULTURE.

## Season and Crop Prospects for the week ending Saturday, 25th January 1913.

**Burma.**—There was no rain during the week. Harvesting of winter rice is nearly finished. Threshing and winnowing are advancing. Agricultural operations for spring rice and miscellaneous crops are progressing. The condition of standing crops is good. Fodder and water are sufficient. The price of unhusked rice has fallen slightly in Rangoon.

**Assam.**—The weather is seasonable. Slight rain fell in places. Harvesting of winter rice is over and the outturn is good. Gathering of mustard and pulses, crushing of sugarcane, plucking of tea and picking of cotton are going on. Transplanting of spring rice is proceeding. Winter potato in the Khasi and Jaintia Hills has been harvested and land is being prepared for summer potatoes. Prospects of standing crops are good. Fodder is scanty in the Surma Valley. The price of common rice is stationary. Cattle disease prevails in three districts.

**Bihar and Orissa.**—During the week there was no rain throughout the Province. The weather was seasonable. Harvesting of paddy is over and threshing still continues in some districts. Pressing of sugarcane is in progress. Standing spring crops and vegetables are doing well. The average price of common rice is almost stationary. The condition of cattle is good. The supply of fodder and water is sufficient. Agricultural prospects in the Feudatory States of Orissa are on the whole good.

**United Provinces.**—With the exception of light rain in the Himalayan and western submontane districts the week has been rainless. Rain is urgently needed in the whole of the western submontane tracts, the Upper Doab and most of the Central Doab. It is also needed in the hills and in Rampur. In Sitapur, Pilibhit and Cawnpur and in the uplands of Mirzapur, slight damage by frost is reported. The condition of standing crops is so far good. Sugarcane is being pressed and the spring crop irrigated. Fodder and water are sufficient. In Mirzapur there are 1,060 persons working on test works, 8,332 on ordinary canal works and 948 on waterworks, while in the Chakia district of the Benares State there are 4,347 persons on regular works and 550 on gratuitous relief. Cattle disease continues in the hills and in Bundelkhand and is sporadic in nine other districts. Prices show a tendency to rise in the west. Elsewhere prices are stationary.

**Punjab.**—The weather was dry except in parts of Hissar, Ambala, Sialkot and Rawalpindi where slight rain has fallen. Rain is urgently wanted everywhere. Pressing of sugarcane and harvesting of *toria* continue with outturn average to good. The condition of irrigated spring crops is generally average to good but unirrigated crops are suffering in most districts for want of rain. Sowings of extra spring crops have commenced. Cattle are generally healthy but fodder is becoming scarce except in the Ambala division. Prices remain high.

**North-West Frontier Province.**—No rain fell except slight showers in the Marwat tahsil in the Bannu district. Rain is badly wanted throughout the Province. The weather is cool and at times cloudy. The condition of standing crops is generally fair on irrigated but poor on unirrigated areas. Pressing of sugarcane is in progress and the outturn is normal. Planting of sugarcane has commenced in the Bannu district. The condition of cattle is good. Fodder and water are scarce in Dera Ismail Khan and generally sufficient elsewhere. Prices are high and rising.

**Jammu.**—The rainfall during the week was average in some tahsils and slight in others. Prices are fluctuating. Wheat sells from 8 to 16 and maize from 13 to 25 seers per rupee. The condition of standing crops is below average. Cattle disease of mild type prevails in the Riasi tahsil. Fodder is insufficient in some tahsils.

**Kashmir.**—It rained twice during the week. The rain was beneficial to crops. Operations for spring crops are in progress. Prices are unchanged. Cattle disease prevails in the southern parts. Fodder is average.

**Rajputana.**—The weather was clear and cool. Slight rain fell in Bikaner. Rain is badly wanted in some places in the eastern States. Spring crops are being irrigated and are doing well. Prospects are generally fair. Cattle are generally in good condition. Fodder and water are sufficient. Prices are generally high and steady.

**Central India.**—The weather is cool and occasionally cloudy. The unusual cold of last week did some damage to gram and linseed and to the final picking of cotton. The wheat crop is however in excellent condition. Cattle disease prevails in parts of Gwalior, Indore, Bhopal and Bhopawar. The fodder supply is ample. Prices are normal in Bhopal, above normal in Baghelkhand and steady elsewhere.

**Central Provinces.**—The weather has been cool and occasionally cloudy. Threshing and winnowing of autumn crops are approaching completion. Picking of cotton still continues in several districts. Prospects of spring crops are generally favourable. The supply of fodder and water is adequate. Cattle are in good condition. *Juar* in Chhindwara has fallen by  $2\frac{1}{2}$  seers per rupee. Elsewhere prices are almost steady.

**Feudatory States.**—The condition of spring crops is generally satisfactory. Rice fell by 2 seers per rupee in Udaipur.

**Bombay.**—Standing spring crops are generally in good condition except for slight damage by frost in Larkana and by cold winds in Kolhapur. Crops are withering in parts of West Khandesh, Ahmednagar and Sholapur. Cotton is withering in parts of Bijapur. The crop is suffering from cold winds in Belgaum. Picking continues in parts of Sind, Gujarat, Kathiawar and Rewa Kantha. The fodder supply is deficient in parts of Ahmednagar and Sholapur. Agricultural stock is generally in good condition and sufficient except in parts of Cutch. Stock is deteriorating in Ahmednagar. Drinking water is generally adequate except in parts of Ahmednagar and Sholapur. Water for irrigation is deficient in parts of Ahmedabad, West Khandesh, Ahmednagar and Bijapur. Prices are high and stationary. The public health is generally good. Distribution of *takavi* continues. Grain stocks are sufficient. Emigration continues from Ahmednagar. The numbers on relief for week ending the 25th January in tracts where famine has not been declared were :—on gratuitous relief in the Deccan 13,534.

**Hyderabad.**—There was no rain during the week. Picking of autumn cotton continues. Spring crops are generally fair to good except in parts of the Aurangabad, Bir and Usmanabad districts. The cotton crop is not so good as was anticipated. In parts of Raichur castor seed is being picked. Other oil crops are light this year. Late rice is being sown and the crop is being weeded and irrigated in parts. Germination is satisfactory. Distribution of *takavi* continues. The health of cattle is good. Cattle disease prevails in 7, fodder scarcity in 13 and water scarcity in 6 talukas. Prices :—Wheat 6, coarse rice  $5\frac{1}{2}$  and *juar*  $10\frac{3}{4}$  seers per rupee. White *juar* is selling in Hyderabad City at 12 seers per rupee. The highest price in districts is 7 seers in Karimnagar and the lowest 24 seers in Adilabad.

**Mysore.**—Prices of food grains are generally steady. Markets are well supplied. Harvesting operations are in progress with outturn fair to normal. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Reaping of rice and picking of coffee continue. Prices of food grains have fallen slightly. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—Light rain fell in Ramnad and Tinnevely. There was no rain elsewhere. Standing crops are fair to good. Harvesting of dry crops, paddy and sugarcane is proceeding in parts with outturn fair to normal. Sowings of dry crops and paddy are proceeding normally in parts. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are stationary.

**Nepal.**—*Report for the quarter ending 15th January 1913.*—The rainfall for the period was 2.30 against 3.07 for the corresponding period of last year.

*October and November 1912.*—Millet and autumn rice were harvested and the outturn was good. Peas and wheat were sown. Oranges began to ripen in Nepal and in the hills.

*December 1912.*—The orange crop was gathered and the outturn was fairly good. The first crop of potatoes was dug up and the outturn is stated to be normal. Sowing of winter vegetables began in the Valley.

*January 1913.*—The standing spring crop is doing well and lands are being prepared for the sowing of the second crop of potatoes.

The health of livestock is reported to be good. The market is well stocked and prices of food grains continue normal.

E. D. MACLAGAN,  
Secretary to the Government of India.

WHOLESALE AND RETAIL PRICES IN THE SECOND HALF OF  
DECEMBER 1912 OF:

SUPPLEMENT TO  
**The Gazette of India.**

No. 6. } DELHI, SATURDAY, FEBRUARY 8, 1913.

**OFFICIAL PAPERS.**

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time containing such official papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the Gazette may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta, or Rupees nine if sent by post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

**Rainfall summary for the seven days ending at 8 hrs. on  
Thursday, the 6th February 1913, based on the Indian  
Daily Weather Reports of the period.**

1. A local disturbance gave fairly general rain in Upper Burma on the 30th January, and several falls of rain occurred on the following day in deltaic Bengal. A depression appeared over Persia on the 2nd February and advanced slowly eastwards. On the 4th it gave nearly general rain in Baluchistan and showers in the hills of the North-West Frontier Province, and on the following day precipitation extended into Kashmir and eastwards along the Himalayas as far as Chakrata. It gave no rainfall of importance in the plains.

2. *Burma*.—Light rain fell at Toungoo and at most stations in Upper Burma on the 30th January.

*Northeast India, including Orissa*.—Narayanganj, Barisal, Jessore and Balasore had light rain on the 31st January.

*The United Provinces, Central India and the Central Provinces*.—Light rain fell at Pendra on the 31st January and at Chakrata on the 5th February.

*Northwest India*.—Nearly general rainfall occurred in Baluchistan and the hills of the North-West Frontier Province on the 4th February, and on the 5th precipitation continued in the latter area and extended into Kashmir and along the Punjab Himalayas. Lahore also reported a light shower.

*The Peninsula.*—Light rain fell at Ootacamund, Madras and Nellore.

3. The chief daily falls of rain were as follows :—

January 31st, Barisal 0·70", Balasore 0·92" and Pendra 0·81".

February 4th, Pasni 1·13".

February 5th, Sonamarg 1·48", Murree 0·63" and Lahore 0·13".

4. The rainfall of the week was more than 20 per cent. in excess in Upper Burma, Orissa, and the Central Provinces East. It was normal in Lower Burma, Bengal, and Central India East, and was in defect in all other divisions, except Rajputana East, Gujarat, Central India West, Berar, the Konkan, the Bombay Deccan, Hyderabad, Mysore and the Madras Deccan, where rainfall is usually absent at this time of year.

The seasonal rainfall up to date is in large defect (in most cases ranging between 80 and 100 per cent. of the normal) over by far the greater part of the country. The only divisions in which rainfall is not in defect are Upper Burma which shows an excess of 20 per cent.; Kashmir, Baluchistan and Malabar, where rainfall varies by less than 20 per cent. from the normal; and Gujarat which is usually rainless at this season of the year.

Division.	RAINFALL DATA FOR WEEK ENDING ON 6TH FEBRUARY 1913.			RAINFALL DATA FROM 29TH NOVEMBER 1912 TO 6TH FEBRUARY 1913.				
	Actual rainfall in inches.	Normal rainfall in inches.	Excess or defect in inches.	Actual rainfall of season to date in inches.	Normal rainfall in inches.	Excess or defect in inches.	SEASONAL PERCENTAGE DEPARTURE FROM NORMAL.

## GOVERNMENT OF INDIA.

## DEPARTMENT OF REVENUE AND AGRICULTURE.

**Season and Crop Prospects for the week ending Saturday, 1st February 1913.**

**Burma.**—Light rain fell in fourteen districts and in the Shan States. Threshing and winnowing of the main winter rice crop are progressing. Cultivation of spring rice and island crops is proceeding. Standing crops are generally doing well. Prices of unhusked rice have again fallen in Rangoon.

**Assam.**—The weather was seasonable. Slight rain fell in places. Pruning of tea still continues. Pressing of sugarcane and gathering of mustard and pulses are nearing completion. Transplantation of spring rice is in progress. Ploughing for early rice and jute has commenced in places. Fodder is insufficient in Sylhet and Cachar. The price of common rice has risen by about one per cent. Cattle disease is prevalent in the Khasi and Jaintia Hills.

**Bengal.**—During the week light showers were reported from places in the Presidency, Burdwan, Dacca and Chittagong divisions. There was no rain in the Rajshahi division except in parts of Darjeeling and Pabna. Harvesting of spring crops continues. Prospects of standing spring crops are good. Transplantation of summer rice and pressing of sugarcane are in progress. Preparation of fields for autumn crops is going on. The average price of common rice for the Province has fallen slightly as compared with that of the previous week. Cattle disease is reported from places in Khulna, Midnapore, Malda, Tippera and Noakhali.

**Bihar and Orissa.**—Light rain fell in the greater part of Chota Nagpur and in parts of Orissa. There was no rain in Bihar. Threshing of winter rice still continues in some districts and pressing of sugarcane is going on. Preparation of lands for the next season's crops has commenced in some districts. The condition of standing spring crops and vegetables is good. The average price of common rice has risen slightly as compared with that of the previous week. The condition of cattle is on the whole good. The supply of fodder and water is sufficient throughout the Province. Prospects of standing crops in the Feudatory States of Orissa are reported to be good.

**United Provinces.**—With the exception of light showers in Mirzapur and the Benares State the week has been rainless. Rain is urgently required in the whole of the Himalayan, the western submontane, the upper and central Doab and the north central and central submontane tracts. Some deterioration to standing crops in these tracts is reported. Rain is also needed in Cawnpore, Fatehpur, Allahabad and Jalaun. Slight damage by frost especially to *arhar* and rape, is reported from twenty-two districts. The condition of standing crops is so far good. Pressing of sugarcane, irrigation of spring crops and preparation of land for the next sugarcane crop are in progress. Fodder and water are sufficient. In Mirzapur, there are 1,479 persons on test works and 10,504 on ordinary canal works and water works, while in the Chakia district of the Benares State there are 5,334 persons on regular works and 2,512 on gratuitous relief. Cattle disease is widespread in Bundelkhand and sporadic in seventeen other districts. Prices are rising in the hill, central submontane and lower Doab districts and are stationary elsewhere.

**Punjab.**—The weather is dry. Rain is urgently wanted everywhere. Pressing of sugarcane and harvesting of *toria* continue with outturn average to good. The condition of irrigated spring crops is generally average to good but unirrigated crops are in many districts in a precarious condition for want of rain. Sowing of extra spring crops continue. Cattle are generally healthy but fodder is becoming scarce except in the Ambala division. Prices have risen slightly.

**North-West Frontier Provinces.**—The week was rainless. Rain is required badly throughout the Province. The weather is cool and at times cloudy. Standing crops are generally fair in irrigated but poor on unirrigated areas. Sugarcane is being pressed and the

outturn is normal. Planting of sugarcane is in progress in Bannu. Cattle are in good condition. Fodder and water are generally sufficient but are scarce in Dera Ismail Khan. Prices are high and rising.

**Jammu.**—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 8 to 16 and maize from 13 to 25-seers per rupee. The condition of standing crops is below average. Cattle disease of mild type prevails in the Riasi tahsil. Fodder is insufficient in some tahsils.

**Kashmir.**—There was no rain during the week. Operations for spring crops are in progress. Prices are unchanged. Cattle disease prevails in certain villages of Kulgam and Verinag. Fodder is average.

**Rajputana.**—The weather was cloudy and cold. Slight rain fell in Bikaner. Rain is badly wanted in some places in the eastern States. Spring crops are being irrigated and are doing well. Prospects are generally fair. Cattle are generally in good condition. Fodder and water are sufficient. Prices are generally high and steady.

**Central India.**—Light rain fell in Baghelkand. The weather is warm and cloudy. Grain crops have been damaged slightly in Rampura Bhanpura of Indore and in parts of Gwalior by the last week's cold. Cotton has been damaged in Jaora in the Malwa Agency and in Manpur in the Bhopawar Agency. Prospects of spring crops are generally excellent. Cattle disease is reported in parts of Gwalior, Bundelkhand and Bhopawar. The fodder supply is ample. Prices are normal in Bhopal, above normal in Baghelkhand, fluctuating in Malwa and Bhopawar and steady elsewhere.

**Central Provinces.**—The weather continues to be cold and occasionally cloudy. During the week Jubbulpore and Bilaspur received light showers amounting to 16 and 34 cents respectively. In Jubbulpore and in the interior of Mandla hail is reported to have fallen but to have caused no damage. Threshing and winnowing of autumn crops are nearly completed. Picking of cotton continues in a few districts. Frost in the Vindhyan districts and Jubbulpore and cloudy weather in Bilaspur caused slight damage to pulses and linseed. The condition of spring crops is otherwise generally satisfactory and prospects are favourable. Fodder and water are sufficient but the former is either scarce or dear in Saugor, Akola and Amraoti. Cattle are in good condition. The price of *juar* rose by 2 seers per rupee in Yeotmal. Elsewhere prices remained fairly steady.

**Feudatory States.**—During the week four States had rain nowhere exceeding 25 cents. Prospects of spring crops are generally good.

**Bombay.**—Harvesting of spring crops is in progress in parts of the Deccan, the Karnatak, Baroda, Rewa Kantha and Kolhapur. Standing crops have been damaged slightly by locusts in parts of Karachi, by cold winds in Kolhapur and by insects in Dharwar. Crops are in good condition elsewhere. Cotton is withering in parts of Bijapur and is suffering from cold winds in Belgaum and Dharwar. Picking continues in parts of Sind, Gujarat, Kathiawar and Rewa Kantha. The fodder supply is deficient in parts of Ahmednagar. Agricultural stock is generally in good condition and sufficient except in parts of Cutch. The condition of stock is deteriorating in Ahmednagar. Drinking water is generally adequate except in parts of Ahmednagar and Sholapur. Water for irrigation is deficient in parts of Ahmedabad, West Khandesh, Ahmednagar and Bijapur. Prices are high and have risen slightly. The public health is generally good. Distribution of *takavi* continues. Grain stocks are sufficient. Emigration continues from Ahmednagar. The numbers on relief for the week ending 1st February in tracts where famine has not been declared were:—on gratuitous relief in the Deccan 14,702.

**Hyderabad.**—No rain fell during the week. Autumn cotton is being picked in parts. The spring crop is being harvested in many parts and its condition is generally fair to good except in parts of Aurangabad. Spring cotton picking has commenced in Raichur. The crop is not so good as was anticipated. Castor seed picking continues. The spring crop has been

damaged somewhat by insects in parts of the Karimnagar district. Late rice sowings are progressing and the crop is being weeded and irrigated in parts. Fodder is being imported into the affected talukas of the Aurangabad and Bir districts. Ordinary public works have been increased and distribution of *takavi* continues. The health of cattle is generally good. Cattle disease is reported in 8, fodder scarcity in 14 and water scarcity in 7 talukas. Prices:—wheat 6, coarse rice  $5\frac{1}{2}$  and *juar* 11 seers per rupee, showing a fall of  $\frac{1}{4}$  seer in the price of *juar*. White *juar* is selling in Hyderabad city at 12 seers per rupee. The highest price in districts is 7 seers in Karimnagar and the lowest 24 seers in Adilabad.

**Mysore.**—Prices of food grains are generally steady. Markets are well supplied. Harvesting operations are in progress with outturn fair to normal. Prospects of the season are generally good. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Reaping of rice has been completed and threshing has commenced. Picking of coffee continues. Prices of food grains have fallen slightly. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—The rainfall during the week was light in Madras, fair in the Nilgiris and *nil* elsewhere. Standing crops are fair to good. Harvesting of dry crops, paddy and sugarcane is proceeding with outturn fair to normal. Sowings of dry crops and paddy are proceeding normally in parts. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are falling.

E. D. MACLAGAN,  
Secretary to the Government of India.

**GOVERNMENT OF INDIA.**  
**DEPARTMENT OF COMMERCE AND INDUSTRY.**

IMPORTS (in hundredweights) of COTTON (raw), WHEAT, RICE (including paddy), GRAM and PULSE, LINSEED, RAPE and MUSTARD SEED, JUTE, and TEA, into certain ports in November 1912, and from 1st January to 30th November 1912 and in the corresponding period of 1911—

N.B.—Provinces named in the first and last columns include their chief port or ports. "Madras ports" includes the ports of Madras, French Ports (Dudhicherry and Karikal, exclusive of sea imports from Non-British Ports and Foreign countries), Negapatam, Tuticorin, Calicut, Cocanada, Vizagapatam, Adaloro, Cochin, Tellicherry, Cannanore, Masulipatam, Mangalore, Quilon, Porto Novo, and Badagara.

Figures previous to 1st April 1912 in this statement against "Bengal" include those relating to "Bihar and Orissa" but exclude those for Eastern Bengal districts (viz., Bakarganj, Faridpur, Dinajpur, Rajshahi, Rangpur, Bogra, Pabna, Jalpaiguri, Malda, Dacca, Mymensingh, Tippera including Tippera, Chittagong including Port and town, Noakhali and Chittagong Hill Tracts); these latter are included in the figures shown against "Assam."

for Secretary, Railway Board.

*Printed and Published for the GOVERNMENT OF INDIA, at the GOVERNMENT CENTRAL PRINTING OFFICE, Delhi.*

SUPPLEMENT TO  
**The Gazette of India.**

No. 7.} DELHI, SATURDAY, FEBRUARY 15, 1913.

**OFFICIAL PAPERS.**

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time containing such official papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the Gazette may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta, or Rupees nine if sent by post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

**Rainfall summary for the seven days ending at 8 hrs. on  
Thursday, the 13th February 1913, based on the Indian  
Daily Weather Reports of the period.**

1. The chief feature of the weather of the week was a series of thunderstorms in the central parts of the country and northeast India. Some precipitation also occurred along the western Himalayas, but over the rest of the country weather was practically dry.

2. *Burma.*—Mergui and Tavoy were the only stations which received rain.

*Northeast India, including Orissa.*—Thunderstorms occurred in Bihar and Orissa, Lower Bengal and Upper Assam. They were most numerous in Chota Nagpur.

*The United Provinces, Central India and the Central Provinces.*—There was but little precipitation over the western parts of the division, but in the north and east of the Central Provinces, Central India East and the east of the United Provinces showers were fairly numerous.

*Northwest India.*—There were local falls in the hills in the north of the division.

*The Peninsula.*—Nizamabad had a light fall on the 11th.

3. The chief daily falls were as follows:—

February 8th, Dehra Dun 0·48" and Sutna 0·46".

" 10th, Mergui 1·06", Allahabad 0·65", Cawnpore 1·90", Lucknow 0·55",  
Jubbulpore 1·46", Seoni 0·81" and Pendra 0·80".

4. The rainfall of the week has been more than 20 per cent. in excess in Lower Burma, Chota Nagpur, the United Provinces East, Central India East and the Central Provinces; and has been equal to the normal in Assam, Bihar, Rajputana East and Hyderabad North. It has been more than 20 per cent. in defect in all the remaining divisions, with the exception of the following, where the absence of rain is a normal feature at this time of year:—Upper Burma, Central India West, the Konkan, the Bombay Deccan, Mysore and the Madras Deccan.

The rainfall of the season up to date is more than 20 per cent. in excess in Upper Burma and the Central Provinces East, and differs from the normal by less than 20 per cent. in Lower Burma, Kashmir and Malabar. In the rest of the country it is 20 per cent. or more in defect.

G. C. SIMPSON,  
for Director General of Observatories.

Dated 13th February 1913.

E. D. MACLAGAN,  
Secretary to the Government of India.

GOVERNMENT OF INDIA.  
DEPARTMENT OF REVENUE AND AGRICULTURE.

## Season and Crop Prospects for the week ending Saturday, 8th February 1913.

**Burma.**—Light rain fell in two districts of Upper Burma. Threshing and winnowing of winter rice are nearly completed. Agricultural operations for spring and summer rice and miscellaneous crops are proceeding. Standing crops are generally doing well. The price of unhusked rice has risen slightly at Rangoon.

**Assam.**—The week has been dry in Jorhat, Dibrugarh and Shillong where slight rain fell. Ploughing of land for early rice is going on in the Assam Valley and that for broadcast winter rice has commenced in Sylhet. Plucking of cotton is finished and the outturn is estimated at three-fourths of the normal. Gathering of mustard and crushing of sugarcane are still proceeding. Pruning of tea is still in progress. Fodder is insufficient in three districts and water is insufficient in the Khasi and Jaintia Hills. Cattle disease is reported from Sylhet, Sibsagar and Manipur. The average price of common rice has risen by about one per cent.

**Bengal.**—No rain fell except some light showers in parts of Khulna and Darjeeling. Harvesting of spring crops continues. Prospects of standing spring crops are good. Transplantation of summer rice and pressing of sugarcane are in progress. Preparation of fields for autumn crops is going on. The average price of common rice has risen by about 1·4 per cent compared with that of the previous week. Cattle disease is reported from places in Murshidabad, Khulna, Malda, Mymensingh and Noakhali.

**Bihar and Orissa.**—Light rain fell in the Patna, Gaya, Saran and Hazaribagh districts. There was no rain in the remaining districts of the Province. Pressing of sugarcane is going on. Preparation of lands for the next season's crops has commenced in some districts. The condition of standing spring crops and vegetables is good. The average price of common rice has fallen slightly in Bihar and has risen slightly in Behar and Chota Nagpur. The condition of cattle is on the whole good. The supply of fodder and water is sufficient throughout the Province. Prospects of standing crops in the Feudatory States of Orissa are on the whole good.

**United Provinces.**—With the exception of light showers in Dehra Dun, Jhansi, Rampur and Tehri, the week was rainless. Rain is urgently required in almost all the Himalayan, Western Submontane, Upper Doab, Central Doab, North, Central and Central Submontane districts and in Gonda, Rampur and the uplands of Mirzapur. Standing crops are deteriorating in the Western Submontane districts. Slight damage by frost is reported chiefly to *arhar* and mustard from fifteen other districts. The condition of standing crops is otherwise good. Crops are ripening. Fodder and water are sufficient. In Mirzapur there are 1,827 persons on test works and 11,690 on ordinary canal works and water works, while in the Chakia district of the Benares States there are 5,334 on regular works and 2,512 on gratuitous relief. Cattle disease is still widespread in Bundelkhand and sporadic in fifteen other districts. A general rise in prices has taken place in the north and west of the Province. Elsewhere prices are fluctuating with an upward tendency. Since the close of the week rain has been received over a widespread area.

**Punjab.**—Light rain has fallen in most districts. More rain is urgently wanted. Pressing of sugarcane and harvesting of *toria* continue with outturn average to good. The condition of irrigated spring crops is generally average to good but unirrigated crops are in many districts withering for want of rain. Sowings of extra spring crops continue. Cattle are generally healthy, but fodder is becoming scarce. Prices show an upward tendency.

**North-West Frontier Province.**—No rain fell with the exception of insufficient showers in the Hazara and Peshawar districts. Rain is badly wanted throughout the Province. The weather is cool and at times cloudy. The condition of standing crops is generally fair on irrigated but poor on unirrigated areas. Pressing of sugarcane continues with outturn normal. Planting of sugarcane is in progress in Bannu. The condition of cattle is generally good. Fodder and water are scarce in Dera Ismail Khan. Elsewhere they are generally sufficient. Prices are high and rising.

**Jammu.**—There was slight rain during the week. Prices are fluctuating. Wheat sells from 9 to 16 and maize from 12 to 25 seers per rupee. The condition of standing crops is below average. Cattle disease of mild type prevails in the Raisi tahsil. Fodder is insufficient.

**Kashmir.**—It rained twice during the week. Spring crops are in good condition. Prices are unchanged. Cattle disease prevails in some villages of the Kulgam tahsil and in Doru Niabat. Fodder is average.

**Rajputana.**—The weather was cloudy and cold. Slight rain fell in Haraoti and in the Ajmer district. Rain is badly wanted in some places in the eastern States. Spring crops are being irrigated and are doing well. Prospects are generally fair. Cattle disease is reported in a few places. Fodder and water are sufficient. Prices are generally high and stationary.

**Central India.**—There was light rainfall from thunderstorms in Bhopal and Bundelkhand. Rain is needed for spring crops in Gwalior. The weather continues to be cloudy and warm. Outturn of spring crops is expected to be excellent. Cattle disease is reported in parts of Gwalior, Bhopal and Bundelkhand. The fodder supply is ample. Prices are normal in Bhopal, above normal in Baghelkhand and steady elsewhere.

**Central Provinces.**—The sky has been overcast and rain is reported from fifteen districts but only in two districts—Mandla which received 2·24 and Jabulpore 1·61 inches—did it exceed one inch. No damage to crops has yet been reported. Harvesting of linseed and pulses has generally begun, while in Wardha and Bhandara harvesting of wheat has also begun. Prospects of spring crops are generally good. The supply of fodder and water is adequate but fodder is getting scarce and dear in Saugor, Wardha, Akola and Amraoti. The price of *juar* rose by 2½ seers per rupee in Chhindwara. Variations are unimportant elsewhere.

**Feudatory States.**—There was slight rainfall in three of the States. The condition of spring crops is generally satisfactory. The only change in prices is a sharp rise in Kanker of 3 seers per rupee in rice.

**Bombay.**—Standing crops are generally in good condition except for slight damage by insects in parts of Dharwar. Crops are withering in parts of West Khandesh and Ahmednagar. Harvesting of spring crops is in progress in parts of the Deccan, the Karnatak, Baroda, Rewa Kantha and Kolhapur. Cotton picking continues in parts of Sind, Gujarat, the Karnatak, Kathiawar, Cutch and Rewa Kantha. The fodder supply is deficient in Ahmednagar. Agricultural stock is generally in good condition and sufficient except in parts of Cutch. The condition of stock is deteriorating in Ahmednagar. Drinking water is generally adequate except in parts of Ahmednagar and Sholapur. Water for irrigation is deficient in parts of Ahmedabad, West Khandesh, Ahmednagar and Bijapur. Prices are high but steady. The public health is generally good. Grain stocks are sufficient.

*The weekly report on the famine and scarcity is as follows:*—Distress is not yet severe in Ahmednagar. It will probably increase on completion of the spring harvest. There is no wandering or emaciation. Emigration continues. People on relief are generally in good condition. The public health is good. Land revenue suspensions have been granted and *takavi* advanced freely for fodder. Government grass is being sold to needy cultivators at low rates. Measures for the improvement of the water supply are in progress. Charitable funds are being utilized for cattle kitchens and for the grant of clothing to dole recipients. The numbers on gratuitous relief for the week ending 8th February were:—Ahmednagar 15,445, Poona and Sholapur 1,381. Total 16,826.

**Hyderabad.**—No rain fell during the week. The spring crop is being harvested in many parts and its condition is generally fair to good except in parts of the Aurangabad, Bir and Usmanabad districts. Picking of spring cotton has commenced in the Raichur district but the crop is not so good as was at first estimated. Castor seed pickings continue. Other oilseed crops are expected to be light this year. Spring crops have sustained some damage from insects in parts of the Karimnagar district. Late rice sowings continue. Fodder is being imported into affected talukas of the Aurangabad and Bir districts. Suspensions of revenue have been granted. Distribution of *takavi* continues. Ordinary public works have been increased. Cattle disease prevails in 8 talukas. Fodder scarcity is felt in 15 and water scarcity in 9. Prices of food grains continue high and steady and are the same as reported last week.

**Mysore.**—Prices of food grains are generally steady. Markets are well supplied. Standing crops are in good condition. Harvesting operations are in progress and the outturn is fair. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Picking of coffee and threshing of rice continue. Prices of food grains have fallen slightly. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—There was light rain in Nellore and none elsewhere. Standing crops are fair to good. Harvesting of dry crops, paddy and sugarcane is proceeding with outturn fair to normal. Sowings of dry crops and paddy are proceeding normally in parts. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are falling.
